

KASJAN HINC

Software Developer

I am a Junior Software Developer. For me learning new technologies and a passion for front end development is what made me go into this industry. Orderliness and creativity are some of my traits. For my future I want to be recognised highly for my skills in the industry. I'm looking for a creative frontend role where I can expand my knowledge and work on modern technologies and languages.

SKILLS

- HTML & CSS (Bootstrap, Responsive, Flexbox, Animations, Forms)
- JavaScript ES6 (Vanilla, jQuery plugins, JSON)
- React (Hooks, Express, JSX, Webpack, Babel)
- Node, JSON web token, Axios, Bcrypt
- SQL (PostgreSQL, SQLAlchemy, Marshmallow)
- NoSQL (MongoDB, Mongoose)
- API's (RESTful)
- Python (Vanilla, Flask, Pipenv)
- Git (GitHub, Work flow, project deployment)

CORE STRENGTHS

- Team player
- Communication
- Creativity
- Orderliness

EDUCATION

Alexandra Park Sixth Form
A Levels | 2013 - 2015, London

IT, Applied Science, Polish, History, Classics

LANGUAGES

- English: Fluent
- Polish: Native

INTERESTS

- Lifelong football fan, Tottenham at heart. Come on you spurs.
- Automotive enthusiast, both mechanical and trivial. DIY.
- Travel when possible.

PROFESSIONAL EXPERIENCE

General Assembly Software Engineering Immersive Bootcamp

REMOTE | SEP 2020 - DEC 2020, LONDON

I took part in an immersive 12 week software engineering bootcamp as part of my career change. The syllabus consisted of an in depth look into full stack development.

- Familiarisation of HTML, CSS, JavaScript and Python.
- Learning to use Git and GitHub effectively when working on group projects.
- Understanding the newest technologies in the industry when creating web applications such as React Hooks, based on an MERN stack.
- An in depth look into back end, using and creating multiple API's to create web application, using NoSQL and SQL.
- Daily standup and working in labs as a team to progress our learning and teamwork abilities.

PROJECTS I WORKED ON DURING THE BOOTCAMP

HORIZON | CURRENT PROJECT

A travel web application built with React, Express, and MongoDB. My ongoing individual project which I started upon completing my programming bootcamp. www.github.com/KasjanHinc/Horizon

442

An informational football web app. Built with React and connected to a PostgreSQL database with Flask. I took charge of the frontend, using a mixture of techniques to showcase a football themed look. I also helped my colleague on the SQL database, such as the serialisation from Python to JSON. Completed within a week in a pair project. www.github.com/KasjanHinc/442

SKII

A skiing web application built with React, connected to a MongoDB database using Express. I worked on the frontend, implementing the design with the bootstrap framework. I also helped with the backend models, controllers and the seeding of our database. Completed within a week by a team of four. www.github.com/KasjanHinc/Skii

SNAKE

A grid based game completed in a week. Using HTML, CSS and JavaScript i created a cartoon themed snake game with a points system, animations, leaderboard, sounds, difficulty settings, and mobile responsiveness. www.github.com/KasjanHinc/Snake

TRIVIA

A two day paired hackathon. Using React, we created a trivia web application based on the OpenTDB API and the Bootstrap framework. I was responsible for the frontend as we all helped out with the React components and API calls. www.github.com/KasjanHinc/Trivia

PAST EXPERIENCE

Vintage Automotive Parts Dealer

SELF EMPLOYED | SEP 2017 - SEP 2020, LONDON

Online re-selling of rare and in demand vintage car parts and accessories. Learning to source stock from all over the world, collaborating with people of different cultures and languages. Gained good knowledge of profit margins and how to provide a great customer service.

Truck Driver

PRESTO DYSTRYBUCJA SP. Z O.O. | MAR 2019 - SEP 2019, POLAND

Alcoholic beverage distribution to major tourist destinations around Northern Poland. Working with people from all walks of life, I learned to meet harsh deadlines and resolve problems under pressure.
